SKILLS

Languages: Python, JavaScript (ES6+), TypeScript, C++, C, HTML5, CSS3

Technologies & Tools: React, Node.js, Express.js, Django, Flask, MySQL, MongoDB, Git

WORK EXPERIENCE

Web Development Intern | Byte Minders | Remote

16th June 2025 – 16th August 2025

- Developed a fully responsive web interface using HTML, CSS, and JavaScript, ensuring cross-device compatibility.
- Implemented Git for version control and collaborated in a remote team environment to streamline development workflows.

PROJECTS

E-Waste Management System | MongoDB, Express.js, React, Node.js

- Built a full-stack portal to track e-waste collection lifecycles from institutions to recycling centers, optimizing inventory management.

AI Summarization Website | Python, Flask, NLP

- Developed a Generative AI application that automates text condensing, processing user input into concise summaries via backend API integration.

Text-to-Speech Converter | Python, Flask

- Engineered a media processing tool that converts text input into downloadable audio files using Python-based synthesis libraries.

CERTIFICATIONS

- Python (Kaggle)
- Python Pandas (Great Learning)
- Web Design Bootcamp
- Figma Bootcamp
- Idea Submissions: YIP and K-DISC

LANGUAGES

- English (Professional Proficiency)
- Malayalam (Native)

RESEARCH PAPER PUBLICATION

- Presented a paper on “5G Technology and its Adverse Effects” at ICMCTT 2023

EDUCATION

- Master of Computer Application | MG University 2024 – 2026
- Bachelor of Computer Application | MG University 2021 – 2024
